# Here They are America!

## The First-Ever Crayola® State Crayon Colors!

When Crayola called on crayon fans to come up with clever new color names to represent their state, they rose to the challenge. Crayola constituents nationwide – more than 25,000 strong – nominated an existing Crayola color and gave it a new state name. A cabinet of Crayola color experts convened to select a crayon name for all 50 states. The inaugural Crayola State Crayon colors are now serving a term in the Crayola 64 Box.
