

Caring Around the World

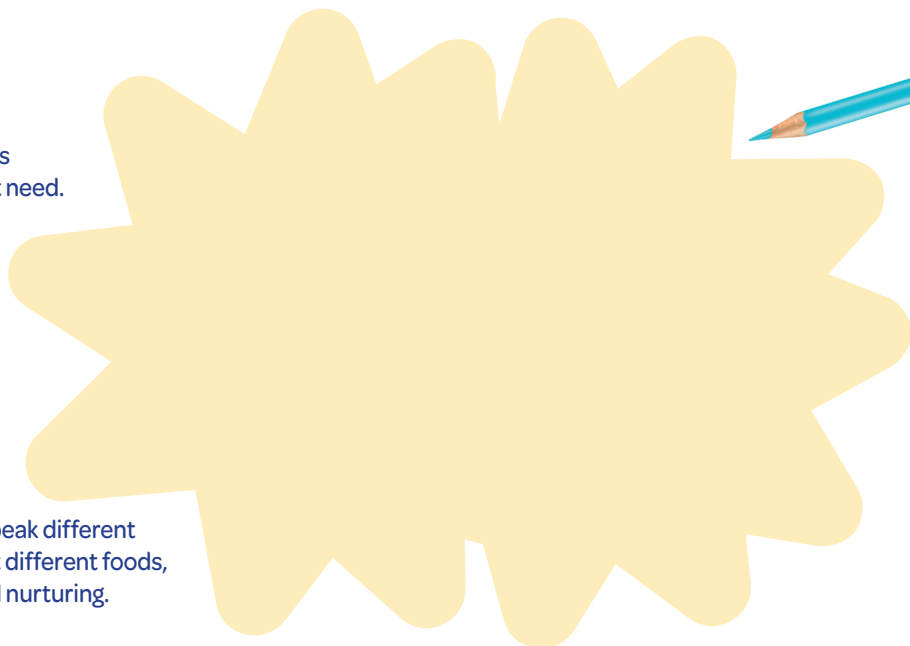

Creativity Connects the World

RESPOND to the needs of people in your community and around the world with art that shows that each individual is unique and yet we have universal needs. How can art spread a caring message?

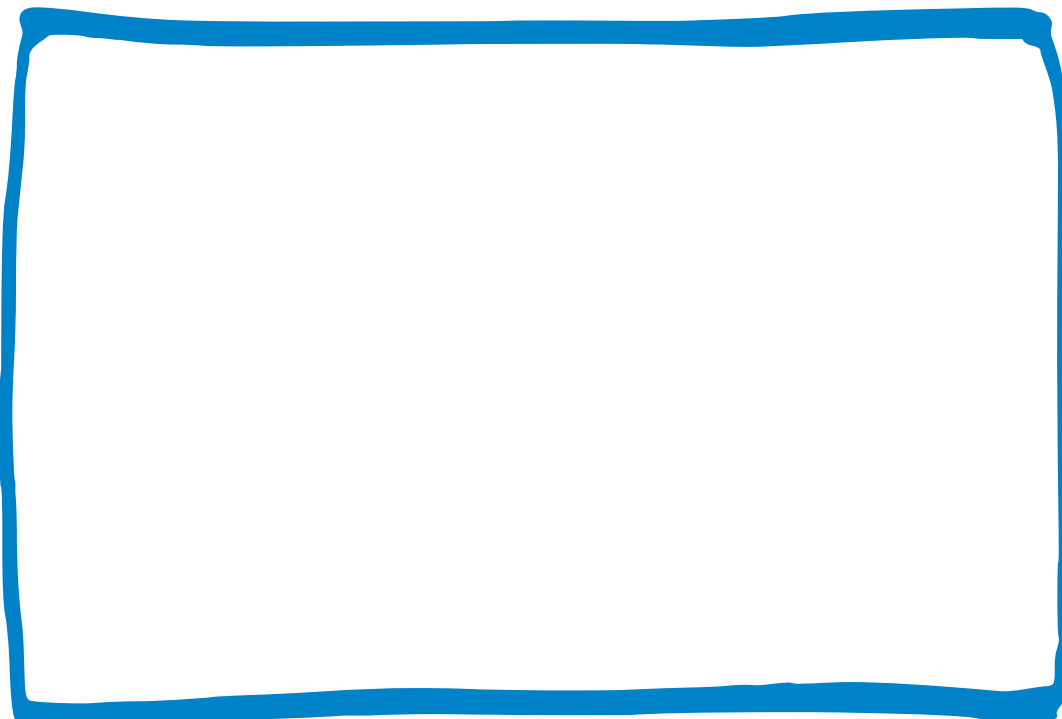

CREATE a sketch that radiates hope, joy, or optimism and shows either a person's strengths or the type of care they might need.

CONNECT your thoughts with an image that shows an appreciation for diversity in the world. Even though people may speak different languages, play different games, and eat different foods, they all have the same need for care and nurturing.

SKETCH SOME IDEAS THAT YOU COULD TURN INTO A CARING ART PROJECT.
