

SEEK Insights from Selfies

SEEK Insights

SEEK™

SEE

What do you see?

EVIDENCE

Why do you say that?
What is the evidence?

EXPLAIN

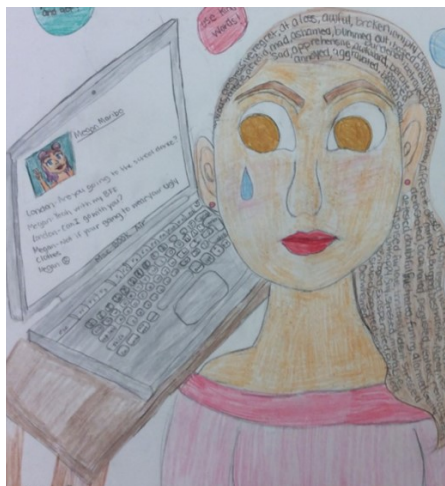

What decisions did the artist make? Why?

KNOW

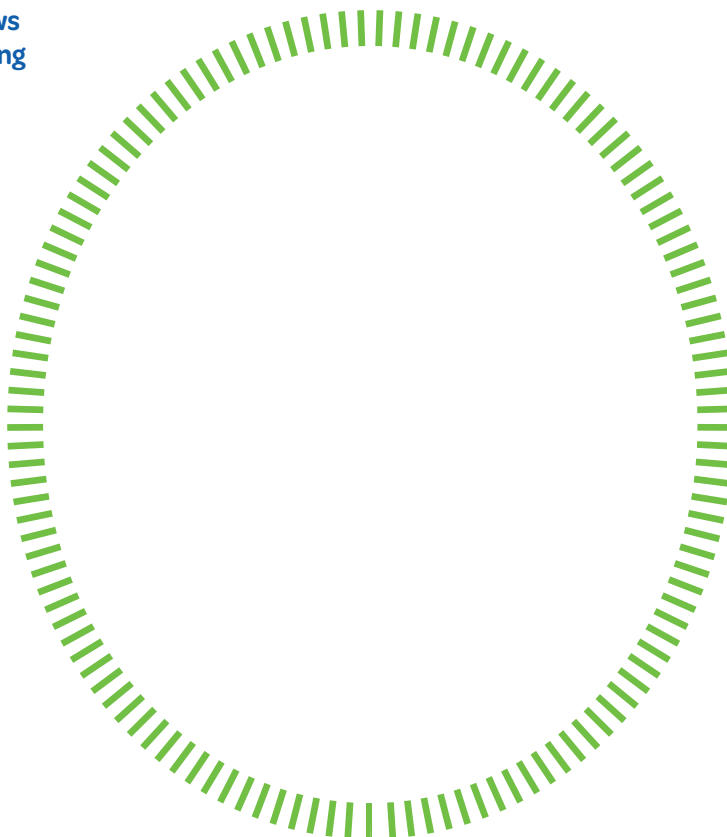

What do you know?
What else do you want to know?

CREATE

CREATE a hand-drawn selfie that shows your interests, fears, or tells something about you.

Madison M., Grade 6

PRESENT

PRESENT the portraits. Read another person's self-portrait using the SEEK questions. What do you see? Why do you say that? What is the evidence? What decisions did the artist make? Why? What do you know? What else do you want to know?

RESPOND

RESPOND to and build upon each other's selfie by creating stories that are imaginative and collaborative. Ask "What happened...?" and "I wonder...?" to spark real or imaginary stories.

CONNECT

CONNECT the SEEK insights with critical thinking. How can observation, evidence citation, inference, and inquiry be used to deepen learning?

Education
