

BRING YOUR COLORING TO LIFE!

App Download Instructions

1 Download the NEW Color Alive 2.0 App (it's FREE!)

Search for "Crayola Color Alive 2.0" to download the app on your device or go to Crayola.com/ColorAlive2. An internet connection is required to download content when the app is first used.

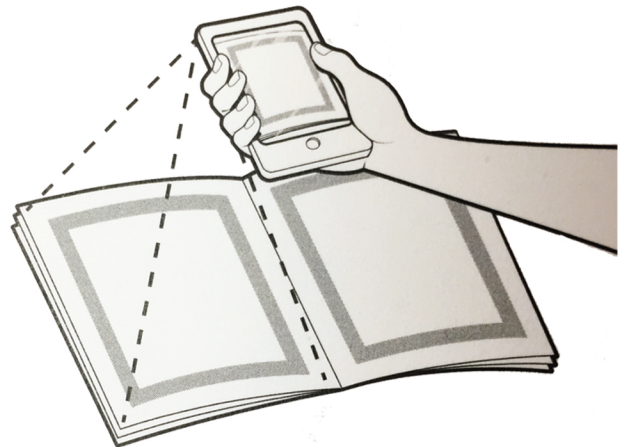

Check your device for compatibility at Crayola.com/appcheck

2 Color! Scan! Interact!

Follow the tutorial in the app to learn how to make your coloring page come alive. Additional instructions available in the help section of the app.

Helpful Hints

- Use in a well lit area for best results.
- Use the app with one page at a time.
- Avoid coloring in the borders of pages.
- Optional in-app purchases are available for additional content.
- An internet connection is required to download additional content.
- A wireless printer is recommended to print additional content.
