

Creativity is an essential 21st century skill.

Use creative experiences to enrich student learning.

Join us for a professional development session

Together we will:

- Keep children's natural curiosity alive
- Build children's—and our own—creative confidence
- Incorporate creativity into common, classroom experiences
- Use the Creative Cycle to infuse creative experiences across the curriculum

Don't come as you are.
Come as you were,
with a child-like spirit.
Be ready to think
and create colorfully
...like the children
you inspire.
