

PROFESSIONAL LEARNING RESOURCES & TOOLS

Support for Building
Creative Capacity

Teacher Reflection Journal Series

Make Thinking Visible

Every participant receives the ***Creative Leadership*** and ***Multiliteracies Reflection Journals***. The Journals are immersive, 100+ page personal workspaces designed to inspire deeper thinking and leadership capacity. They include interactive pages to help every educator visualize new teaching strategies and spark meaningful conversations.

- Journals feature:**
- Essential Questions
 - Reflective Prompts
 - Classroom Application Project Starters
 - Planning Templates
 - Sample Rubrics

Collaboration & Coaching Supports

We've created a portfolio of materials and activities to help educators develop and implement collaborative planning and successful coaching protocols. The **Coaching Metaphors** game shown here is a collaborative simulation of authentic coaching scenarios. Players tell stories about teaching and learning challenges, and other players then coach them. Students play a version of the game too!

Our Educator Community Delivers Ongoing Support That Inspires Collaboration

Monthly webinars, collaborative conversation sessions, and a dynamic online repository of resources, classroom application ideas, and project-based learning materials keep educators engaged and active, with job-embedded learning throughout the program.

Partner with Crayola for Powerful Professional Learning.

For decades, Crayola has collaborated with educators to support excellence in teaching and learning. Our new creatED program is inspired by our work with the President's Committee on the Arts and Humanities: Turnaround Arts Initiative, the Partnership for 21st Century Learning, and the Crayola/National Association of Elementary School Principals "Champion Creatively Alive Children" grant program.

The topics, approaches, and resources developed for creatED have been field-tested and refined in partnership with schools and districts across the nation. Now, the opportunity to participate is available to schools and educators everywhere.

We invite you to partner with us to drive creativity, build educator capacity, strengthen collaboration, and accelerate change.
